

Margaret Martinello Magner – Member-at-Large

Margaret is from Victoria, PEI and joined IMAC relatively recently as a Producer Member. She is a screenwriter and studied screenwriting and film production at the University of Southern California School of Cinema and earned a Master's in screenwriting and playwriting at the USC Professional Writing Program. She is currently developing a feature-length screenplay set on the Island. She has also had her plays produced in both Canada and the US. Margaret also has a Ph.D. in English from York University and taught for ten years on the English faculty at Seneca College in Toronto. Margaret served as the President and CEO of the IWK Health Centre Foundation and was Director of Bio-Science Development at UPEI.

Currently serving on the Board of Governors of the National Theatre School of Canada she has served as Director of Corporate Relations at the USC Business School and has recruited for and staffed the Corporate Advisory Board there as well. She has also recruited for and staffed the Global Associates Board for the UPEI Business School.

With fifteen years experience as a fundraiser, Margaret was involved in USC's 2.8 billion dollar fundraising campaign and has worked for Bill Clinton as the Director of Development for the Clinton Foundation in New York.

Margaret is passionate about the media arts and looks forward to promoting the growth of film and IMAC as a board member.
